ABOUT ELITE CATERING + EVENT PROFESSIONALS (ECEP)

We're tired of sameness. Tired of stale ideas, boring conferences, and outdated information. So, we're doing something about it. Welcome to ECEP, a collective of elite professionals seeking to disrupt and advance our shared industry through exploration and play. We pursue what makes us and the clients we serve happy. Our mission is to capture great conversations and share ideas that are worth spreading, support one another's business development, and advocate for our industry's best interests. We represent best-in-industry organizations across the United States & Canada, with a goal of growing globally.

Attending the ECEP conference this year was an unforgettable experience! The venue in Napa was absolutely stunning, providing a picturesque backdrop that enhanced every moment. The educational sessions were incredibly insightful, filled with valuable information that I can't wait to implement in my own practices.

The people I met were just as wonderful; everyone was friendly, approachable, and eager to share their experiences. And let's not forget the highlight of the event—the food and wine! Every meal was a delightful culinary journey, showcasing the best of Napa's offerings. The accommodations were equally impressive, providing a cozy and luxurious space to unwind after a day of learning and networking.

I left feeling inspired and connected, and I can't wait to attend next year's conference.

Wendie L. Petersen,
South Market Vice President | Sysco Corporation

The 2025 ECEP Symposium at the Carneros Resort in Napa, California, was a phenomenal event. The CSM Cost Solutions Team was honored to have the opportunity to collaborate with Elite Caterers, as well as fantastic networking during exquisite culinary experiences. Additionally, the opportunities to engage with ECEP members both one-on-one and as a group at events and breakout sessions were priceless! The symposium boasted an excellent lineup of speakers and presenters, offering valuable insights and inspiring discussions. Truly, a memorable experience of professional development and growth. Looking forward to 2026 in South Florida!

Steve Dolezal,
President, CSM Cost Solutions
